

Julie Celmo

5th and 7th Grade Math, Pre-Algebra, and Algebra
8th Grade Religion

I am Mrs. Julie Celmo. I have been a member of the St. John XXIII community all of my life. After graduating from college, I moved back to Port, where I met my husband John. We have two energetic and caring children (Kaitlyn and Cooper), who are our loves!

I am the youngest of 12 children. My parents raised us with strong family and Christian values. I am fortunate to say that my family members are my closest friends. John and I, together, work to instill the same love in our children by spending time together reading, playing games, playing sports, and enjoying the outdoors.

After attending St. Mary's School and Port Washington High School as a child, I studied at St. Norbert College. I graduated with a major in Education and a minor in Mathematics. I have been teaching middle school math for 21 years! My passion for it never dies! Along with this, I have taught a variety of other courses, including: Religion, Language Arts, and Social Studies.
