

Tara Carlson

5th - 8th Grade Science/STEAM

6th Grade Math

I am Ms. Carlson. This will be my second year here at St. John XXIII Catholic School. I grew up in Eden Prairie, MN but have been living in WI for the past seven years. I look forward to teaching Science in 5th-8th grade. It is going to be a great school year, filled with new discoveries and learning!

I am one of four children in my family. I have two older sisters, and a younger brother. My parents raised us with strong family and Catholic values. They also raised me to appreciate and love the outdoors. In my free time, you can find me fishing, hiking, mountain biking, and camping with family and friends.

I attended the University of Wisconsin-Eau Claire, where I graduated with a major in Education and a minor in Science. I was able to spend a semester at the University of Alaska-Anchorage through a National Student Exchange program. This was a great experience to see life through a new lens and learn more about Alaska and its many cultures.
