

ADAM CHILINSKI
7TH & 8TH GRADE MATH/SCIENCE
ATHLETIC DIRECTOR

I am extremely excited about joining St. John XXIII school and community! I received my undergraduate from the University of Wisconsin Stevens-Point in natural resources. Where I had the privilege of conducting various scientific research projects that included water quality and invasive species. My passion to make a difference in the lives of other eventually lead me to the field of education. As a result, this summer I will be completing my masters in Education from Cardinal Stritch University with an emphasis in Special education services.

When I am not in the classroom you will find me doing something outdoors. My hobbies include hunting, fishing, kayaking, scuba diving and hiking. Family is extremely important and we love spending time at our cabin in Northern Wisconsin. In addition to my love for the outdoors, is Wisconsin sports. Go Brewers, Bucks and Packers!

I am incredibly blessed to join a community of believers and can't wait to make a difference in the lives of students at St. John XXIII.

Blessings,

Mr. Chilinski
