I am from the Madison area. I grew up in Verona, where I played on many sports teams. This helped me to choose my career and led me to attend the University of Wisconsin LaCrosse, which is known for it's excellent PE program.

Of all the sports I teach, I would have to pick volleyball as my favorite. I played volleyball in high school at UW-LaCrosse, and until recently, on local rec teams. I have coached volleyball for 25 years, as well as 5th grade-Varsity at Port Washington HS. My favorite coaching times were coaching my daughters, who were both excellent players.
